AND CONSTANTLY INCREASING. The Charter of this Company offers more favorable advantages to the farmer and others, than any Company chartered in the State, by insuring with or without a premium note. If the applicant prefer, he can pay the full amount of the premium n eash, or by effecting a cash insurance for two years, the insured saves one-eighth of the amount he would otherwise have to pay; or by becoming a member, and giving a small premium note, the insured saves nearly one-half of the amount charged by Stock Companies, when insuring from year to year. This is the advantage resulting from the J. w. BURKE.

combination of the CASH AND MUTUAL PRINCIPLE. This Company commenced issuing Policies against loss or damage by fire, on the 13th day of March, 1854, since which time over seven thousand members of the Company, and over seventy thou-sand dollars have been paid for losses. Having increased our business during the past year, we feel grateful for the liberal patronage bestowed upon the Company thus far, and for its flattering pros-pects of future usefulness. The Directors hope and believe, that, by prudence, caution, and a rigid system of economy, they will establish for this Company a reputation for cheapness and safety not surpassed by any Company in the U. During the evening there was a ball, and at the supper the health of the Earl of Fife and Viscount Macduff were severally given and honored, after which the health of the Countess was proposed, to which she responded in a brilliant speech, remarking: "I am Scotch to the backbone. [Loud cheers.] I glory myself in being connected with Scotland. [Renewed cheers.] I was a Hay be-fore I was a Duff. [Great cheering.] I wish to drink all your good healths.
